

Martha's Vineyard Land Bank Commission

HUNTING ON LAND BANK PROPERTIES

approved by vote of the land bank commission: September 10, 1990
amended through: September 17, 2018

The Martha's Vineyard land bank commission encourages public use of its properties. It manages its properties in a manner which accommodates to the maximum extent possible the interests of hunters and non-hunters alike, while protecting any sensitive and/or rare habitats.

Hunting shall only be permitted on those properties cited herein, which are both owned by the land bank commission and are of a size, shape and location making them appropriate sites for such use.

These regulations should always be considered to be in a "trial" state; they will be changed if they do not prove successful or if circumstances change.

PART 1. GENERAL RULES APPLYING TO ALL HUNTERS

Part 1.1 Permits

No one shall hunt on land bank property without a hunting permit issued by the land bank commission. There is no charge for this permit.

In order to be eligible to apply for a permit a hunter must possess a valid Massachusetts hunting license. Applicants are expected to obey all federal and commonwealth regulations and comport themselves according to the highest standards of responsibility and citizenship; failure to do so is grounds for denial or revocation of permits (see Part 1.13).

Hunters who were issued a land bank permit the previous year must have returned the "mandatory hunting survey" for that year prior to receiving a new hunting permit.

A land bank hunting permit shall specify a hunter's name; address; hunting license number; date(s) for which it is valid; telephone number; and vehicle make and license number of vehicle likely to be used during hunting.

With the exception of the two-week deer-shotgun season (see Part 2) and on certain properties during deer-archery season (see Part 3.3 [a] and [e] and [g]), the land bank makes no effort to coordinate the number of hunters on any one property at any one time.

Part 1.2 Display of Permit while Hunting

Land bank hunting permits shall be on each hunter's person at all times so as to be readily identifiable to Massachusetts environmental police officers or other law enforcement officers or land bank commission personnel.

Likewise, hunters shall place their "vehicle placard", supplied by the land bank, in the upper right corner of their vehicle's dashboard.

Part 1.3 Conformance with Prevailing Laws

All federal, commonwealth and municipal hunting regulations, including all game limits and all restrictions as to types of firearms which may be used, shall be observed at all times by hunters using land bank properties.

Part 1.4 Protection of Endangered and Threatened Species

Endangered and/or threatened species and habitats are given special protection by the land bank commission. No species which appears on any endangered, threatened or "of special concern" list of the federal or commonwealth government shall be hunted or possessed or disturbed on land bank commission property.

The land bank commission reserves the right to amend these regulations to prohibit the hunting of species which it in its judgment deems worthy of protection, even if these species do not appear on federal or commonwealth protection lists. The land bank commission also reserves the right to restrict hunting to those areas of each property which are least sensitive to disturbance.

Part 1.5 Co-Existence of Hunters and Non-Hunters

Properties shall be open to the general public for hiking and other passive recreation during all game seasons, with the exception of deer-shotgun season (all properties listed in Part 2 will be closed to all visitors except permitted hunters). No hunting is allowed within direct sight of any hiking trail — except during deer-shotgun season, as all hiking trails on deer-shotgun properties are closed to hikers.

Part 1.6 Signage

The land bank's management staff shall erect signs each year at all public accesses into, and at regular intervals around, those properties where hunting is allowed; the signs shall read "Hunting by Written Permission Only". During deer-shotgun season, additional signs will be erected notifying the general public that those particular properties are closed entirely.

Part 1.7 Trespassing on Adjacent Private Property

Hunters shall confine themselves to land bank properties and shall not enter on abutting private property without the prior written permission of the abutting landowners. Each land bank hunting permit will specifically warn hunters not to trespass.

Part 1.8 Enforcement of Hunting Regulations

No land bank hunting permit shall be issued without the recipient's first having signed the release which appears as Appendix A to this policy. This release certifies that the permitholder has read, understood and agrees to abide by these regulations and, further, that the permitholders will hold the land bank commission harmless from any liability in the event of injury.

The Massachusetts environmental police and all island police departments will be provided with a list of all hunters who have been issued land bank commission hunting permits. These and all other law-enforcement officers, including any special officers whom the land bank may hire, are hereby authorized to rescind any permit if they find that its holder has violated any of these regulations or any applicable law.

Part 1.9 Maps

Prior to hunting, hunters must print from the hunting sidebar on the land bank

website hunting maps of all of the properties they will be using so as to be able (1.) to orient themselves so that they are confident that they will not trespass on abutting private properties; and (2.) to note the locations of those specially-regulated areas cited in Parts 2.4, 3.3, 4.2, 5.3, 6.2 and 7.3.

Part 1.10 Tree Stands

Hunters may erect tree stands and related climbing pegs, provided:

- [a] that they are portable and are designed — i.e., by using straps or chains — to prevent damage to the tree;
- [b] that no nails, bolts or screws are used;
- [c] that they are each registered with the land bank and bear a visible tag supplied by the land bank at the time of registration;
- [d] that they are erected no earlier than September 15 of each year; and are removed no later than February 1 of each year; and
- [e] that any unregistered stands or pegs, or any such registered items not removed by February 1 in any year, will be considered abandoned and will become the property of the land bank, which may, at its discretion, dispose of or destroy them.

Part 1.11 Property Cleanliness

Hunters shall collect their spent shells and other litter, including viscera and all innards, prior to leaving land bank properties.

Part 1.12 Public Notification Concerning Hunting Permits

A list of those hunters who have received permits shall be compiled each year. This list shall identify those properties and dates when particular hunter have been permitted to hunt. The list will be distributed to all island police departments and to anyone who requests it.

Part 1.13 Penalty for Violation of Hunting Regulations

The land bank reserves the right to deny the issuance of a permit to any hunter on grounds of previous misconduct, whether occurring on or off land bank property; hunters aggrieved by such denial may appeal to the land bank commission for redress. Any hunter who violates any provision of these regulations may *permanently* lose the privilege of hunting on land bank properties.

PART 2. DEER-SHOTGUN

Part 2.1 Lottery

A lottery will be conducted each year to assign the following number of permits for each hunting date for each property:

<i>Brine's Pond Preserve</i>	<i>Edgartown</i>	<i>15</i>
<i>Blackwater Pond Reservation</i>	<i>West Tisbury</i>	<i>6</i>
<i>Chappy Five Corners Preserve</i>	<i>Edgartown</i>	<i>12</i>
<i>Gay Head Moraine</i>	<i>Aquinnah</i>	<i>4</i>
<i>John Presbury Norton Farm</i>	<i>West Tisbury</i>	<i>8</i>
<i>Middle Line Woods Preserve</i>	<i>Chilmark</i>	<i>4</i>
<i>Peaked Hill Reservation</i>	<i>Chilmark</i>	<i>10</i>
<i>Poucha Pond Reservation</i>	<i>Edgartown</i>	<i>20</i>
<i>Quammox Preserve</i>	<i>Edgartown</i>	<i>4</i>
<i>Sepiessa Point Reservation</i>	<i>West Tisbury</i>	<i>14</i>
<i>Southern Woodlands Reservation</i>	<i>Oak Bluffs</i>	<i>8</i>
<i>Tiasquam Valley Reservation</i>	<i>Chilmark</i>	<i>10</i>
<i>Wapatequa Woods Reservation (North)</i>	<i>Oak Bluffs</i>	<i>2</i>
<i>Waskosim's Rock Reservation</i>	<i>Chilmark & West Tisbury</i>	<i>10</i>

Public notices will be printed in the *Vineyard Gazette* and the *Martha's Vineyard Times*, and on the land bank website, identifying the first and last dates that lottery entries will be accepted. No late entries will be accepted.

Hunters shall submit their names for each hunting property desired, and both individual and party requests may be made; a party shall be defined as any group containing six or more individuals. Parties may have to be made smaller if granting permission to a full party would exceed the total number of permits available for each property. No name may appear on more than one request for each hunting date; should this occur, such requests shall be disqualified and removed from the lottery.

Permits may be transferred to other hunters but only with the express consent of the land bank. The original permit shall be submitted to the land bank and a substitute permit for the new hunter issued in its place.

Part 2.2 Special Property-Specific Regulations

In addition to the above regulations, the following special regulations are in effect (see Part 1.9):

- [a] Brine's Pond Preserve
No hunting shall take place on the 16.4 acres of the preserve south of Old Indian Trail; nor in the field surrounding the pond; nor on the 7.6 acres on the northeast edge of the preserve.
- [b] Chappy Five Corners Preserve
No hunting shall take place on the 28 acres of the preserve southeast of the Chappaquiddick Road.
- [c] Gay Head Moraine
Hunters using this property shall, in addition to the vehicle placard placed on their dashboard, post a "Hunter On Property" sign at the trailhead logo post while they are actively hunting.
- [d] Sepiessa Point Reservation
No hunting is allowed from the shoreline of the northerly portion of the Tiah's Cove that is directly opposite and/or within 500 feet of houses across the cove. The management staff shall mark this area as off-limits to hunting.
- [e] Waskosim's Rock Reservation
Unless elderly or handicapped, hunters using this property shall park only in the land bank trailhead on the North Road in Chilmark, per the request of local law enforcement officers. Elderly and handicapped hunters may instead park in a designated trailhead off the Old Farm Road if they display on their dashboards a special placard issued by the land bank.

PART 8. TRAPPING

Part 8.1 General

Trapping shall be prohibited on all land bank properties, except by special permit.

Special permits shall only be issued following a public hearing of both the land bank commission and the appropriate town advisory board. Applicants shall be expected to describe the purpose and proposed method of such trapping, as well as the proposed means of protecting the animals' welfare (i.e., the use of humane traps) and the safety of humans.

Appendix A

AGREEMENT

I hereby certify that I have read, understood and agree to abide by the land bank commission hunting policy, receipt of which is hereby acknowledged.

In consideration for permission to enter and use land bank commission property for the purpose of hunting, I hereby release the land bank commission and any of its employees and agents from any liability for damage or injury to me or my property arising out of my use of such land bank commission property.

I further agree on behalf of myself, my heirs, successors and assigns to indemnify and otherwise hold harmless the land bank commission and any of its employees and agents from any loss, injury, damage, claim or expense arising out of my use of land bank commission property, including reasonable legal expenses in connection therewith.
